TODAY'S MARKET QUITE IRREGULAR

Strength Shown in Specialties at Opening.

DULLNESS LATER PREVAILS

NEW YORK, May 31 .- The stock market opened irregular with considerable strength among the specialties. Sugar recovered its entire dividend of 1%. Twin City rose %. Amaigamated Copper %. Union Pacific practically unchanged on 8,000. United States Steel stocks were unchanged to % lower. There was some pressure on the preferred. St. Paul was nominally heavy. Japanese issues were active and higher.

The stock market was disappointingly N quiet during the greater part of the first hour, with commission houses small sellers of the usually active stocks all around the room, causing declines in many issues of ¼ to ¾. Traders were many issues of % to %. Traders were the principal buyers during this period. The market ruled dull after this early decline until just before 11 o'clock, when Brooklyn Rapid Transit advanced from 69% to 62 in a few minutes, and interthe price crossed 62. Metropolitan Street Railway and Securities were bid up, and the strength of the three tractions was reflected by fractional gains in Union Pacific and Reading.

London houses were general sellers of the list, and the traders followed, but later covered their shorts, and are now buying stocks. Japanese bonds are a feature of the bond list. In Government bonds the old 4's coupon were up 12.

London has not been a factor. It sold about 10,000 shares. Traders bid up Union Pacific. About as much accumulation as there is in the room seems to be going on in Reading, mostly on distributed orders. Traders inclined to builthe whoie list for a strong close today, if not a general advance tomorrow. Bond prices show firmness.

EASTERN SCHOOL

The recent trouble at the Eastern High School between the cadets and Principal Schwartzell, which arose fro mthe boys understanding that they were not fairly treated by the principal, in that he did not allow them fittingly to celebrate their winning the High School competitive drill, was pretty thoroughly patched up between the conflicting parties at the recess hour today, when a mass meeting was held with the boys and the teachers of the school.

The boys apologized to Mr. Schwartzell for three things-not coming into school at 9 o'clock the morning following the drill, disobeying his orders and running out of the building, and for not going to school at the noon hour following the disturbance. No allusion was made to the effigy of the principal which was set up outside the school nor to the round robin the boys signed ask-ing the Board of Education to remove Mr. Schwartzell from the principalship

Boys Want Retraction.

The boys demanded an apology from the lady teacher, who had said on the eventful day of the trouble that "the tin soldiers are spending their money in the aloons." The apology was not given. The reconciliation was brought about through the efforts of Percival Padgett, teacher of Latin and grammar, who is great favorite with the boys. By his aid the meeting was arranged, with the principal, the teachers and all the pupils of the school present.

At the close of the meeting Mr. Swartzell made a brief address to the Swartzell made a brief address to the boys, saying he was glad to see that they had apologized; that he accepted the apology, and that everything would be all right, as far as he was concerned. He was sorry, he said, that so much boys, saying he was gate to see they they had apologized; that he accepted the apology, and that everything would be all right, as far as he was concerned. He was sorry, he said, that so much had been said about the matter, and he thought more had been said than was warranted by the facts.

He disclaimed any intention of abbreviating the boys' celebration of their triumph in the drill.

In opening the meeting Mr. Padgett explained that the boys were sorry for the whole occurrence, and that they apologized for the three things already mentioned. He did not refer in any way to the effigy or the round robin.

John Field, representing the boys, then spoke, saying that, while they were willing to apologize as stated, he thought they ought to have an apology from the teached who had made the remark about teir being tin solders and spending their money in saloons.

After Mr. Schwartzeil had made his exceedingly pleasant reply to the boys' apologies, Miss Hawes, one of the teachers, spoke in defense of the teacher who had made the tinsoldier remark. Mr. Schwartzeil promised to have the matter investigated.

Previous to the meeting this morning Principal Swartzell filed with Director Hughes a report of the trouble. Mr. Hughes, acting with two teachers as a committee, went over the report, and their findings will be sent to Superintendent Stuart this afternoon.

Mr. Hughes explained this afternoon that while he understood an amicable settlement of the disculty had been reached at the Eastern School, a full report of the troubles of last week would have to be made to the superintendent.
